

Kawara News

Our vision is to share the gospel of Jesus Christ with the village of Kawara, Burkina Faso, West Africa, establish a Church for the maturing of believers as well as encouraging community development through education, medical care/training, and vocational training.

Dear Friends,

Thanks to the many gifts that have come in following our fund raising campaign, we have been able to move ahead with the building projects in Kawara. As you can see, the solar system and pump for the well have replaced the hand-cranked wheel. We are delighted that the system is working as we had hoped. There is a flotation device in the water tower which regulates an auto on/off for the pump, so water is available in a continuous manner. This will be a great benefit as we continue the school construction.

PRAYER & PRAISE

***Praise** the Lord for the installation of the solar energy water pump.

***Praise** the Lord for the strength he is giving to the Church in Kawara as they harvest their crops.

***Praise** the Lord that Abraham is recovering well from his bout with malaria.

***Pray** with us as the construction of the High School continues. Every effort to be done with excellence.

***Pray** for the continued evangelism in the village, that many people would be drawn to the Lord and to see his Kingdom firmly established.

***Pray** with us for the continued supply of the finances needed to complete the building projects we are working on.

The Church has been very busy in their fields these days as they harvest their crops. Sometimes they are working well into the night by flashlight, imagine that. As their harvest work finishes, the people will be available to assist the building crew, which will arrive soon to continue construction on the school building. Each thing has an order and timing. At the moment a welder is making the doors and windows for the classrooms.

Abraham has been in Ouagadougou this past week to get some work done, get a little rest after a bout with malaria and pick up some more money for the building. Each new step in the completion of this work is able to happen as we receive funds. Once again, thank you so much for your generosity. You are helping us bring this vision of a High School into a functioning reality. There are still outstanding financial needs, it is not too late to contribute and to be a part of this work in Kawara, Burkina Faso.

We are always grateful for your sustaining prayers. The Lord uses them to encourage us and bring the Lord's victory in many ways.

Sending our blessings to each one who reads,
Joanie Peterson
