

Kawara News

Our vision is to share the gospel of Jesus Christ with the village of Kawara, Burkina Faso, West Africa, establish a Church for the maturing of believers as well as encouraging community development through education, medical care/training, and vocational training.

Dear Friends,

I am writing to you from Minnesota, USA, where I am getting fun and family time in, however my main goals are to continue to assist my parents with their needs and attend to the administration of WADM.

In reading Joseph's story in Genesis 37 today, I was reminded that a dream can sometimes take a long time to come to fulfillment.

The dream of having a secondary school in Kawara has been a long-term vision. In June I wrote that the classrooms were all prepared, only to find out that the government was requiring us to add a fifth classroom and construct the

administration building as well. Work on these structures has gone forward as you can see in the photos.

PRAYER & PRAISE

***Praise** the Lord for the work going forward on the new buildings for the school.

***Praise** the Lord for his sustaining power to Abraham and those assisting him in the work at Kawara.

***Pray** for the children who will attend school this year and their teachers to the end that their learning would be successful.

***Pray:** The farmers say the fields are lacking rain so please pray that the rains would continue until the plants are matured, to ensure a bountiful harvest.

***Pray** for the finances needed to meet the needs of the ministry.

***Pray** for peace within the borders of Burkina Faso,

Process for official government recognition continues and though it is not finalized, we are going ahead with the start-up of classes for this school year.

The benches for the classroom have been finished and delivered, perhaps the children in the picture will attend one day?

We are still in need of additional finances to finish up this latest construction project, the hiring of teachers, purchasing books as well as classroom materials. Your contributions have already helped so much in bringing this dream to reality.

Thank you for continuing to pray and believe with us for the school and reaching this community with the good news of the gospel.

Would you consider making an additional donation at this time to bring higher education to the children of this area of Burkina Faso? Together we can bring a great blessing to these children and their families.
